PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation’s regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans to prescribe interest assumptions under the benefit payments regulation for valuation dates in October 2011 and interest assumptions under the asset allocation regulation for valuation dates in the fourth quarter of 2011. The interest assumptions are used for valuing and paying benefits under terminating single-employer plans.
covered by the pension insurance system administered by PBGC.

DATES: Effective October 1, 2011.

FOR FURTHER INFORMATION CONTACT: Catherine B. Klion (Klion.Catherine@PBGC.gov), Manager, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

The interest assumptions in Appendix B to Part 4022 are used to value benefits for allocation purposes under ERISA section 4044. PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC’s historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulations are the same. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for October 2011 and updates the asset allocation interest assumptions for the fourth quarter (October through December) of 2011.

The fourth quarter 2011 interest assumptions under the allocation regulation will be 4.07 percent for the first 20 years following the valuation date and 4.28 percent thereafter. In comparison with the interest assumptions in effect for the third quarter of 2011, these interest assumptions represent a decrease of five years in the select period (the period during which the select rate (the initial rate) applies), a decrease of 0.14 percent in the select rate, and a decrease of 0.06 percent in the ultimate rate (the final rate).

The October 2011 interest assumptions under the benefit payments regulation will be 1.75 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. In comparison with the interest assumptions in effect for September 2011, these interest assumptions represent a decrease of 0.50 percent in the immediate annuity rate and are otherwise unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits under plans with valuation dates during October 2011, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Revised Motor Vehicle Emission Budgets for the Charleston, Huntington, Parkersburg, Weirton, and Wheeling 8-Hour Ozone Maintenance Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve a State Implementation Plan (SIP) revision submitted by the State of West Virginia. The revision amends the 8-hour ozone maintenance plans for the Charleston, Huntington, Parkersburg, Weirton, and Wheeling 8-hour ozone maintenance areas. This revision amends the maintenance plans’ 2009 and 2018 motor vehicle emissions budgets (MVEBs) by reallocating a portion of the plans’ safety margins which results in an increase in the MVEBs. The revised plans continue to demonstrate maintenance of the 8-hour national ambient air quality standard (NAAQS) for ozone. EPA is approving this SIP revision to the West Virginia maintenance plans for the Charleston, Huntington, Parkersburg, Weirton, and Wheeling 8-hour ozone maintenance areas in accordance with the requirements of the Clean Air Act (CAA).

DATES: This rule is effective on November 14, 2011 without further notice, unless EPA receives adverse written comment by October 17, 2011. If EPA receives such comments, it will publish a timely withdrawal of the direct final rule in the Federal Register and inform the public that the rule will not take effect.
