I. INTRODUCTION

A. The United States of America (United States), on behalf of the United States Department of the Commerce, National Oceanic and Atmospheric Administration (NOAA), and the Commonwealth of Puerto Rico (the Commonwealth), on behalf of the Department of Natural and Environmental Resources (DNER), have filed a Complaint against Suez LNG Shipping North America LLC and Hoegh LNG Fleet Management AS (Settling Defendants) in this Court alleging that the Settling Defendants are liable to the United States and the Commonwealth under Section 1002(a) and (b) of the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2702 (a) and (b), for damages for injury to, destruction of, loss of, or loss of use of, Natural Resources, resulting from the grounding of the LNGC *Matthew*, a 289 meter liquefied natural gas tanker, on or about December 15, 2009.

EMP
for

B. The Complaint alleges that the LGNC *Matthew*, owned by Suez LNG Shipping North America LLC and operated by Hoegh LNG Fleet Management SA, struck and damaged coral reef habitat off the shore of Puerto Rico near Guayanilla. The vessel was freed with the assistance of local tug boats, but during extraction the vessel was pushed at the bow and swung from side-to-side causing additional damage to the reef before finally being extracted. The Complaint alleges that the grounding of the vessel, its subsequent movement, and/or actions undertaken to prevent a substantial threat of the discharge of oil, caused or contributed to the loss of coral reef and associated resources in an area of over 3,000 square meters. All of the foregoing events are referred to as the "Incident."

C. The Complaint further alleges that the Incident caused injury to, destruction of, loss of, or loss of use of, Natural Resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States and the Commonwealth.

D. In early 2010, under Trustee oversight, the Settling Defendants performed emergency restoration actions. Monitoring of the site has occurred periodically since that time, and further emergency monitoring will be conducted.

E. The Trustees for the Natural Resources injured by the Incident include NOAA, on behalf of the United States, and DNER, on behalf of the Commonwealth. NOAA is designated as a Trustee pursuant to Section 1006(b)(2) of OPA, 33 U.S.C. § 2706(b)(2), Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP) (40 C.F.R. §§ 300.600, *et seq.*) and Executive Order 12580 (3 C.F.R., 1987 Comp. p. 193, 52 Fed. Reg. 2923 (January 23, 1987) as amended by Executive Order 12777 (56 Fed. Reg. 54757 (October 19, 1991)). DNER is designated as a Trustee pursuant to Section 1006(b)(3) of OPA, 33 U.S.C. § 3706(b)(3), and subpart G of the NCP. The United States and the Commonwealth share trusteeship of the Natural Resources alleged in the Complaint to be injured and are coordinating restoration efforts. The Trustees believe the obligations of the Settling Defendants set forth in this Consent Decree, including the obligation to pay a sum as described herein, constitute adequate compensation for Natural Resources Damages arising from the Incident.

F. The Parties agree, and the Court, by entering this Consent Decree, finds, that this Consent Decree has been negotiated by the Parties in good faith, that it is intended to avoid litigation among the Parties, and that it is fair, reasonable, and in the public interest.

NOW THEREFORE, with the Consent of the Parties, IT IS HEREBY ADJUDGED,
ORDERED AND DECREED as follows:

II. JURISDICTION AND VENUE

Venue lies in this District pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. 1391(b), because the Incident occurred in this judicial district. The Court has personal jurisdiction over the Settling Defendants in connection with this action.
