I. INTRODUCTION

A. Contemporaneously with the lodging of this Consent Decree, the United States of America, on behalf of the United States Department of Commerce's National Oceanic and Atmospheric Administration ("NOAA"), the United States Department of the Interior ("DOI"), and the United States Fish and Wildlife Service ("FWS"), jointly with the State of Louisiana (the "State"), appearing through the Louisiana Oil Spill Coordinator's Office, Department of Public Safety & Corrections ("LOSCO"), Louisiana Department of Natural Resources ("LDNR"), Louisiana Department of Environmental Quality ("LDEQ"), Louisiana Department of Wildlife and Fisheries ("LDWF"), and the Louisiana Coastal Protection and Restoration Authority ("CPRA"), have filed a Complaint against CITGO Petroleum Corporation ("CITGO" or "Settling Defendant") in this Court alleging that CITGO is liable to the United States and the State under Section 1002(a) and (b)(2)(A) of the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2702 (a) and (b)(2)(A), and Section 2480 of the Louisiana Oil Spill Prevention and Response Act ("OSPRA"), La. R.S. 30:2480, for damages for injury to, destruction of, loss of, or loss of use of, Natural Resources, resulting from the discharge of oil from CITGO's Lake Charles Refinery into the Calcasieu River and estuary in June of 2006.

B. The Complaint alleges that beginning on or about June 18, 2006, millions of gallons of oil and oily wastewater (collectively, "oil") overflowed from two of CITGO's wastewater storage tanks at its wastewater treatment facility at the refinery. The secondary containment surrounding the tanks was breached and oil flowed into and upon the adjacent Indian Marais waterway and shoreline, where some of the oil was contained, and then into the Calcasieu River and estuary. These events are referred to as the "Incident." In response to the

Incident, the Trustees evaluated the potential impacts to Natural Resources and identified potential actions to restore affected Natural Resources.

C. The Complaint further alleges that the Incident caused injury to, destruction of, loss of, or loss of use of, Natural Resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States and the State. The Complaint also alleges that the Trustees have incurred costs in assessing the nature and extent of these injuries.

D. The Trustees for the Natural Resources alleged to be injured by the Incident include NOAA and FWS, on behalf of the United States, and LOSCO, LDNR, LDEQ, LDWF, and CPRA, on behalf of the State. NOAA and FWS are designated as Trustees pursuant to Section 1006(b)(2) of OPA, [33 U.S.C. § 2706\(b\)\(2\)](#), Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan (“NCP”) ([40 C.F.R. §§ 300.600, et seq.](#)) and Executive Order 12580 (3 C.F.R., 1987 Comp. p. 193, [52 Fed. Reg. 2923](#) (January 23, 1987) as amended by Executive Order 12777 ([56 Fed. Reg. 54757](#) (October 19, 1991))). LOSCO, LDNR, LDEQ, LDWF, and CPRA are designated as Trustees by the Governor of Louisiana pursuant to Section 1006(b)(3) of OPA, [33 U.S.C. § 2706\(b\)\(3\)](#), and subpart G of the NCP. These same agencies serve as State Trustees under OSPRA according to La. R.S. 30:2451, *et seq.* and LA. ADMIN. CODE tit. 43, part XXIX, *et seq.* The United States and the State are coordinating injury assessment and Restoration efforts. Based on the Trustees’ work to assess injuries in this case and experience with restoration efforts throughout the region, the Trustees believe the amount to be paid by the Settling Defendant as set forth in this Consent Decree constitutes adequate compensation for Natural Resource Damages arising from the Incident.

E. The Settling Defendant neither admits nor denies the allegations in the Complaint or Consent Decree and does not admit liability for the claims filed in this action.

F. The Parties agree, and the Court, by entering this Consent Decree, finds that this Consent Decree has been negotiated by the Parties in good faith, that it is intended to avoid potentially prolonged and complicated litigation among the Parties and expedite natural resource restoration actions to be performed by the Trustees, and that it is fair, reasonable, and in the public interest consistent with the purposes of OPA.

NOW THEREFORE, with the consent of the Parties, IT IS HEREBY ADJUDGED, ORDERED AND DECREED as follows:

II. JURISDICTION AND VENUE

1. This Court has jurisdiction over the subject matter of this action pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. §§ 1331 and 1345. The Court also has supplemental jurisdiction over the State law claims alleged in the Complaint pursuant to 28 U.S.C. § 1367. Venue lies in this District pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. § 1391(b), because the Settling Defendant resides in this judicial district and a substantial part of the alleged events or omissions giving rise to the claim occurred in this judicial district. The Court has personal jurisdiction over the Settling Defendant in connection with this action. For the purposes of this Consent Decree, and the underlying Complaint, the Settling Defendant waives all objections and defenses that it may have to jurisdiction of the Court or to venue in this District. The Settling Defendant agrees that it will not challenge this Court's jurisdiction to enter and enforce this Consent Decree.

2. For purposes of this Consent Decree, the Settling Defendant agrees that the Complaint states claims upon which relief may be granted pursuant to Section 1002(a) and (b)(2)(A) of OPA, 33 U.S.C. § 2702 (a) and (b)(2)(A), and Section 2480 of OSPRA, La. R.S. 30:2480.

Any change in ownership or corporate status of the Settling Defendant including, but not limited to, any transfer of assets or real or personal property, whether voluntary or involuntary, shall in no way alter the Settling Defendant's rights or responsibilities under this Consent Decree. In any action to enforce this Consent Decree, the Settling Defendant shall not raise as a defense the failure by any of its officers, directors, employees, agents, or contractors to take any actions necessary to comply with the provisions of this Consent Decree.

13. Upon receipt of the funds deposited pursuant to Paragraph 7.b.i, DOI will place the funds in the DOI NRDAR Fund account known as the "CITGO Lake Charles Refinery Oil Spill Restoration Account" to allow the funds to be maintained as a segregated account. All funds deposited in the CITGO Lake Charles Refinery Oil Spill Restoration Account in accordance with this Paragraph, including any Interest or return on investment thereon, shall be held in the account solely for use by the Trustees to jointly plan, implement, and oversee (including but not limited to drafting a Restoration Plan, providing opportunity for public awareness and input, executing agreements for project implementation, conducting monitoring activities, maintaining an administrative record, and administratively closing the case) the restoration of injuries to Natural Resources resulting from the Incident. DOI shall, in accordance with law, and for the benefit of the Trustees, manage and invest the joint funds in the account on behalf of the Trustees.

14. The Trustees commit to the expenditure of the funds set forth in Paragraphs 7.b.i for the design, implementation, permitting (as necessary), monitoring, and oversight of Restoration projects and for the costs of complying with the requirements of the law to conduct a restoration planning and implementation process. The Trustees will use the funds to restore, rehabilitate, replace, or acquire the equivalent of any Natural Resource and its services injured, lost, or destroyed as a result of the Incident and for the oversight of these Restoration projects.

15. The allocation of funds for specific projects or categories of projects will be contained in a Restoration Plan prepared and implemented jointly by the Trustees, for which public notice, opportunity for public input, and consideration of public comment will be provided, as required under the OPA and the National Environmental Policy Act, 42 U.S.C. §§ 4321 et seq. (“NEPA”). Once the public review process has been completed, the Trustees will implement the Restoration Plan with any revisions the Trustees may deem appropriate after considering any public comments. The Settling Defendant shall have no responsibility or liability for implementation of the Restoration Plan, including any future project costs other than the payments set forth in Section VI (Payments by the Settling Defendant) and subject to Paragraph 19.

16. Decisions regarding any use or expenditure of funds under this Section shall be made by the Trustees. The Settling Defendant shall not be entitled to dispute, in any forum or proceeding, any decision relating to use of funds or Restoration efforts under this Section.

IX. COVENANTS BY THE PLAINTIFFS

17. In consideration of the payments and actions that have been and will be made by the Settling Defendant under this Consent Decree, the United States and the State covenant not to sue or take administrative action against the Settling Defendant pursuant to Section 1002(a)

and (b) of OPA, [33 U.S.C. § 2702\(a\)](#) and [\(b\)](#), and Section 2480 of OSPRA, La. R.S. 30:2480, for Natural Resource Damages resulting from, arising out of, or related to the Incident. This covenant not to sue is conditioned upon receipt by the United States and the State of all payments required by Section VI (Payments by the Settling Defendant) and, as applicable, Section VII (Stipulated Penalties) of this Consent Decree.

18. Reservations of Rights. Notwithstanding any other provision of this Consent Decree, the United States and the State reserve, and this Consent Decree is without prejudice to, all rights against the Settling Defendant with respect to all matters other than those expressly specified in the covenants not to sue set forth in Paragraph 17 of this Section, including, but not limited to:

- a. Claims against the Settling Defendant for its failure to meet a requirement of this Consent Decree;
- b. Claims against the Settling Defendant for Natural Resource Damages that are not a result of the Incident;
- c. Claims against the Settling Defendant for criminal liability associated with the Incident;
- d. Claims against the Settling Defendant for civil penalties and injunctive relief under the Clean Water Act associated with the Incident;
- e. Claims, other than claims for Natural Resource Damages related to the Incident, against the Settling Defendant that the State, or the United States on behalf of the United States Environmental Protection Agency and the United States Coast Guard, may have under any applicable law, including for recovery of OPA Removal Costs.

19. Special Reservations Regarding Natural Resource Damages. Notwithstanding any other provision of this Consent Decree, the United States and the State reserve the right to institute proceedings against the Settling Defendant in this action or in a new action seeking recovery of Natural Resource Damages based on:

- a. conditions caused by the Incident, unknown by the Trustees as of the date of the lodging of this Consent Decree, that cause new or additional injury to, destruction of, loss of, or loss of use of such Natural Resources; or
- b. information received by the Trustees after the date of lodging of this Consent Decree indicating that the Incident has resulted in new or significant additional injury to, destruction of, loss of, or loss of use of, such Natural Resources which injury is of a type that was unknown or a magnitude greater than was known by the Trustees as of the date of lodging of this Consent Decree.
- c. For purposes of this Paragraph, conditions or information known or in receipt of the Trustees shall consist of any information in the files of, or otherwise in the possession of, any one of the Trustees, or their contractors, subcontractors, or consultants who worked on the Trustees' Natural Resource Damage Assessment as of the Date of Lodging of this Consent Decree. Furthermore, an increase solely in the Trustees' assessment of a known injury to, destruction of, or loss of Natural Resources related to the Incident due to advances in scientific understanding of Natural Resources or changes to Trustee assessment methodologies shall not constitute an unknown condition or new information.

20. Pursuant to 33 U.S.C. § 2715(c), the United States expressly reserves, and the Settling Defendant expressly acknowledges, the right of the United States to institute

proceedings, to take judgment thereon, and collect such judgment(s) thereon against the Settling Defendant in this action, to seek and recover Removal Costs and/or Damages resulting from the Incident based on claims submitted to or filed against the United States, including claims against the Oil Spill Liability Trust Fund, after the date when this Decree is lodged with this Court. The Settling Defendant reserves all defenses as to substantive claims pursued in any such proceeding.

21. This Consent Decree shall not preclude the United States or the State from instituting a separate or ancillary action to enforce the terms of this Consent Decree.

22. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. In addition, nothing in this Consent Decree shall limit, enlarge, or otherwise affect, the private rights or claims of any person not a Party to this Consent Decree, except as may be determined otherwise by a court of competent jurisdiction.

X. COVENANTS BY THE SETTLING DEFENDANT

23. The Settling Defendant hereby covenants not to sue and agrees not to assert any claims or causes of action against the United States or the State, and their employees, agents, contractors, departments, agencies, administrations and bureaus, related to Natural Resource Damages arising from the Incident, including, without limitation, any potential or pending claims against the Oil Spill Liability Trust Fund relating to the Incident. The Settling Defendant reserves, and this Consent Decree is without prejudice to, all rights with respect to all matters not expressly included within this Covenant Not to Sue, including all rights with respect to all matters reserved in Section IX.

24. In any subsequent administrative or judicial proceeding initiated by the United States or the State for injunctive relief, penalties, costs, damages, criminal liability, or other

appropriate relief relating to the Incident, the Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon a contention that the claims raised by the United States or the State in the subsequent proceeding were or should have been brought in the instant case, except with respect to claims that have been specifically resolved pursuant to Paragraph 17.

XI. COSTS

25. The Plaintiffs shall be entitled to collect from the Settling Defendant the costs (including reasonable attorneys' fees) incurred in any action necessary to collect any portion of the amounts due under Section VI (Payments by the Settling Defendant), or any stipulated penalties due but not paid under Section VII (Stipulated Penalties).

XII. NOTICE

26. Unless otherwise specified herein, whenever notifications, submissions, or communications are required by this Consent Decree, they shall be made in writing and addressed to those listed below. All notices under this Section are effective upon receipt, unless otherwise specified. Except as otherwise provided, notice to a Party by email (if that option is provided below) or by regular mail in accordance with this Section satisfies any notice requirement of this Consent Decree regarding such Party.
